# Moving Library Collections Management Handbook

**moving library collections - scholars' bank home** - moving library collections planning shifts of library collections shrien chappell planning a major shift of a library collection is not as complex as it is tedious. careful measurement and excruciating attention to detail will almost always guarantee success. if your shift is large (lots of books, or **always already computational: library collections as data** - always already computational: library collections as data university of california santa barbara, university of pennsylvania, university of north carolina chapel hill, penn state university, emory university, and texas a&m university seek \$100,000 for a national forum grant **overview of shifting - rutgers university libraries** - overview of shifting introduction shifting is the process by which free space within a collection may be redistributed amongst the shelves when areas in the collection begin to fill up. shifting ensures the collection is maintained in proper call number order and allowed room for growth. shifting projects are large and proper planning is essential. **moving image materials - the library of congress** - this collections policy statement for moving image materials is a distillation of congressional mandates and collecting traditions of the library that have evolved since the 19th century. it deals with moving image materials, in all their manifestations, as subjects and formats. it covers the content and physical **moving services for the central library** - fulton county and the atlanta-fulton public library system are looking for moving and warehouse services in preparation for the renovation of the 286,600 sf central library. the selected vendor shall provide moving services that include box, computer equipment, artwork, special collections and collections. the selected vendor shall **the transformation of academic library collecting - oclc** - the report presented here is not a comprehensive summary of the transformation of academic library collecting: a symposium inspired by dan c. hazen, but a selective examination of some central themes that are (we think) important to a broader conversation about the future of academic library collections. **collection development in libraries** - selecting and acquiring library materials in all formats, making decisions related to a collection's management and preservation, and evaluating the quality and appropriateness of an existing collection. particular issues we will address along the way include: types of library collections: instructional, research, special collection **library preservation today! preserving digital collections ...** - library preservation today!, hosted by alcts, association for library collections & technical services, june 2014 3 broadly defined what library preservation is a short of history of preservation the importance of planning for preservation and making an integral part of library infrastructure components of preservation program **librarian roles in institutional repository data set ...** - datasets change in the library when the target collections are either produced locally or insufficiently prepared for library access or both. when the context for collection shifts to the library's institutional repository, established library dataset collection activities inform but otherwise provide an incomplete picture of practice.
